

POWERHOUSE PROJECT

PROJECT OVERVIEW

Our goal was to help Powerhouse (www.powerhouseproject.ca) build an annual fundraising event to expand their programming and serve more young caregivers in Niagara. Alongside the organization's Executive Director and Board, we brainstormed, planned, promoted and implemented the first annual Powerhouse Trivia Night, held on May 4th, 2019, to fantastic success. Powerhouse raised approximately \$5,300, over 140 people attended, and the agency now has a sustainable fundraising model that they can leverage and grow for years to come.

Leveraging personal strengths
